

COPYRIGHT AND INTELLECTUAL PROPERTY POLICY

Effective October 1, 2019

Trademarks

Quantrader LLC (“Quantrader”) works hard to make sure our goods and services are easily recognizable. We do this by associating our goods and services with our trademarks and trade dress (“Mark” or collectively “Marks”). This is why our Marks cannot be used in any manner that is deceptive or disparaging, or in connection with any product or service that is not ours. Using a Mark without our prior written consent constitutes trademark infringement and unfair competition in violation of federal and state laws.

The following is a non-exhaustive list of our Marks. The absence of a product or service name or logo from this list does not constitute a waiver of trademark or other intellectual property rights.

- Quantrader®
- AI Trader®
- Quantrade™
- QTrade™
- QTrader™

Copyright and Other Intellectual Property

Quantrader maintains [Quantrader.ai](https://www.quantrader.ai), and our other online services and websites (collectively, the “Platform”). Quantrader is the owner or the authorized user of all text, images, graphics, photos, animation, music, sounds and other materials contained within the Platform. The materials contained within the Platform, including, without limitation, any copyrights, trademarks, service marks, and all other proprietary materials, are protected by U.S. and international copyright laws and treaty provisions, trademarks laws, and other proprietary rights laws. Quantrader also owns a copyright in the selection, coordination, and arrangement of the material contained within the Platform.

The material contained within the Platform is provided by Quantrader only for lawful uses by clients, Quantrader employees, and members of the general public. The material may not be copied, republished, incorporated into another website or reproduced (whether by linking, framing, or any other method), transmitted, distributed, uploaded, posted, used to create a derivative work or exploited in any other way without the express prior written consent of Quantrader. Use of the Platform does not grant users any right, title, or interest in the materials contained within the Platform.

Digital Millennium Copyright Act

Quantrader respects the intellectual property rights of others and expects its users to do the same. Pursuant to the Digital Millennium Copyright Act of 1998 (the “DMCA”), Quantrader will respond expeditiously to notices of alleged copyright infringement on the Platform that are reported to Quantrader’s Designated Copyright Agent identified in the Notice (as described below).

Quantrader prohibits copyright infringing activities on the Platform and will, if properly notified of infringing files, expeditiously remove or disable access to such files. Upon receipt of the Notice, Quantrader will take whatever action, in its sole discretion, it deems appropriate, including removing or disabling access to the material without prior notice, to the extent it is technologically possible given the nature of the Platform.

Notice: If you are a copyright owner, or agent thereof, please report alleged copyright infringements taking place on or through the Platform or other Quantrader services by completing a DMCA notice of alleged infringement (“Notice”) and delivering it to Quantrader’s Designated Copyright Agent. Upon receipt of a Notice, Quantrader will take whatever action, in its sole discretion, it deems appropriate, including removal of the challenged content from the Platform. Quantrader will make best efforts to review the Notice as soon as possible and to promptly remove or block access to the content, so long as all the required information is included in the Notice.

Please provide the following information to our Designated Copyright Agent:

- Sign the Notice by providing a physical or electronic signature along with your full legal name.

Counter notice: Once an appropriate Notice is received, Quantrader will follow the procedures provided in the DMCA, which set forth a notice and takedown process, subject to the alleged infringer's right to submit a counter-notification claiming lawful use of the copyright or other intellectual property interest that is allegedly infringed. Please note that any Notices or counter notices received may be sent to Quantrader's legal advisors.
